Price:

Free

Creamery Tire is a tire shop established by Dick Shainline in Creamery, PA in 1988. Hoping to make every customer feel like family, he operated his shop at the hours convenient for them.

After his retirement, his sons, Richard and Jim, took on the tire service shop, keeping their father's dream alive. They turned it into the professional tire shop that exists in Creamery today.

Wheel alignments are now being offered in addition to the exceptional services you have come to expect at Creamery Tire. Come in and join our extended family!
